

Administrative Hearing Officers For Student Conduct Proceedings - 11 2023/2024

Responsible VP or Department Head: Todd Sutherland

Committee Charge:

College students are faced with a myriad of challenges and daily decisions that impact their lives. Sometimes these challenges and decisions are in conflict with the standards set forth by the University for acceptable behavior within the community. It is through the student conduct process that we are given the opportunity to review particular fact patterns that may have led to behavioral choices, challenges, support structures, and ultimately hold individuals accountable for their actions and educate students so they may better decisions in the future. Members are trained and serve in this role because of their critical thinking skills, sound judgment, and ability to compassionately balance the intent of the individual against the needs of the overall community. Conduct conference panel members are tasked with the challenge of weighing information presented by the university and the student to determine if community standards were violated. In addition, if the student is found responsible, members are asked to appropriately sanction students for their actions.
