The Texas A&M Staff Emergency Fund has been established to help you and your colleagues. The fund will provide limited financial assistance of up to $500, to both classified and non-classified staff employees of Texas A&M University who might experience a temporary hardship due to a significant life event.

For details, visit the University Staff Council website at staff.tamu.edu.

Help us help out. The establishment of the Staff Emergency Fund was made possible by the Office of the President, Texas A&M Foundation, and the University Staff Council; however, we cannot help deserving recipients until funds are available. You can help.

Please consider a gift to help build this fund.

Your contribution to the fund is an opportunity to help other university staff members. Even $5, $10, or $20 can make a real difference.

There are multiple ways for you to donate. Choose what works best for you:
- Send a personal check to the Texas A&M Foundation along with a completed Pledge Form
- Online at the Texas A&M Foundation website
- Through payroll deduction by enrolling in the One Spirit, One Vision campaign

The Staff Emergency Fund Application process will be announced and made available when we have enough funds to support requests for financial assistance.

For questions and to receive additional information, contact the University Staff Council at staff@tamu.edu.

Thank you for your support!
