CHAPTER 1
TEXAS A&M MARITIME ACADEMY

1. MISSION AND PURPOSE STATEMENT

The Texas A&M Maritime Academy (TMA) is a prestigious, highly specialized maritime training and education program that is embedded within Texas A&M University at Galveston (TAMUG), which is a branch of Texas A&M University (TAMU) at College Station, Texas. The mission of TMA is to provide the maritime industries of the State of Texas and the United States with highly trained and professional U.S. Coast Guard licensed Merchant Officers (deck/engine) to serve on ocean-going and inland waterways vessels. Additionally, for the Cadets who volunteer and meet the qualifications, TMA through the Naval Science Department/NROTC program, provides the opportunity Cadets to be commissioned and serve in the Strategic Sealift Officers (SSO) program. Cadets also have the option to request active duty in the U.S. Navy, US Marines (Platoon Leaders Course – PLC) or a direct commission in the U.S. Coast Guard.

2. STATEMENT ON HAZING

It is imperative that every member of the Corps understands the University/Academy’s rule on Hazing: It will not tolerated nor do we expect any Cadet to participate in it.

3. THE AGGIE HONOR CODE

“AN AGGIE DOES NOT LIE, CHEAT, OR STEAL OR TOLERATE THOSE WHO DO.”

While the camaraderie among Aggies is legendary and frequently life-long, in no way is friendship ever justification for violating the tenets of the Aggie Honor Code. Similarly, the Aggie Honor Code is never to be understood as a code only adhered to among Aggies. Rather it is a code that all Aggies strive to live in all associations and activities for their whole lives, not just when among Aggie buddies.
CHAPTER 2
HISTORY AND TRADITIONS OF THE CORPS

1. BRIEF HISTORY OF TEXAS A&M UNIVERSITY

On Monday, October 2, 1876, the Agricultural and Mechanical College of Texas, the first state-supported institution of higher learning, was officially opened for registration. The opening resulted from the Morrill Act passed by Congress fourteen years earlier, which provided a permanent fund to be raised through the sale of public land given to the states. The accruing interest from this fund was to be used to support a technical college which, among other things, specialized in the studies of mechanics, agriculture and military tactics. Monday, October 2, 1876 was the first official day of classes at A&M. Unfortunately, only a handful of students appeared on that appointed matriculation day. On Wednesday, October 4, 1876, forty students and six faculty members began instruction, with Thomas Gathright as acting president. Governor Richard Coke was present on this day to dedicate the school and wish it success; his advice is still included as required knowledge for Cadets.

In the first few years after its opening, the College fought a hard battle for survival. A turning point came when Lawrence Sullivan Ross, then Governor of Texas, accepted the appointment as president in 1890. Sul Ross, loved and respected by Texans for his actions as a soldier, statesman, and gentleman, led A&M from a state of near failure to a secure position as a successful and growing institution. In 1900, there were 327 Cadets in the Corps.

Texas A&M has one of the most comprehensive ROTC programs in the nation. Except for the three service academies, the Corps of Cadets is one of the largest sources of commissioned officers for the Army, Navy, Marine Corps, and Air Force. Since the establishment of the Reserve Officer Training Program at the institution in 1917, A&M has provided military training to more than 65,000 men and women, and has afforded advanced training leading to a commission in the Armed Forces to more than 20,000 men and women.

From the first days of A&M’s history, the military tradition has been deeply ingrained in this school as a distinguishing element of its character. Since the Spanish-American War of 1898, Aggies have served with honor in every conflict in which the United States has been involved.

In 1962 the Texas A&M Maritime Academy was established and in 1965 the first Texas Clipper was received in Galveston. In 1971, Texas A&M University became only one of four institutions in the country to be designated a Sea Grant College, and in 1979 the Board of Regents designates the Mitchell campus as “Texas A&M University at Galveston”.

In recent years, Texas A&M has annually ranked in the top 20 public universities nationally in research expenditures and has ranked first in the South and Southwest. Texas A&M operates one of the largest oceanographic research fleets in the nation.

To meet the high academic and practical deck and engineering seamanship standards, required to receive a degree, a U.S. Coast Guard license, and a Commission, a Cadet must be highly motivated, extremely dedicated, honorable, of high moral character and willing to sacrifice to meet the necessary regimentation found in the Corps. Cadets live in residence halls in military-style organizations. Cadets stand morning formations, room inspections, mandatory study periods during Call to Quarters (CQ), and march periodically at events around the country, including football march-ins. The purpose of military training is to build superlative leadership skills and develop team work. As a result of having undergone the experiences of discipline and education together, Cadets are forged in a fraternal organization whose members display a great loyalty and devotion to each other and to their school, and they have learned to live by the Aggie Honor Code under demanding conditions.
2. AGGIE TRADITIONS

SEA AGGIE SPIRIT
As a member of the TMA Corps, you will feel this Sea Aggie spirit and will make it a part of your daily life, for it is this spirit that embodies all with the feeling of pride and devotion to A&M. It is a spirit gained through hard work and loyalty to the Corps and to Texas A&M University at Galveston, and it attaches itself so firmly to Cadets of A&M that they carry it with them the rest of their lives - Once an Aggie, Always an Aggie.

The Aggie spirit helps to mold a person’s character. The things one does, and the manner in which one lives with his/her fellow Cadets make a permanent impression. As an individual, one works for the good of the Corps, and by personal actions and influence, one aids others to do the same. Cadets who have been here before you have been responsible for preserving the best in our Aggie traditions and, as you learn these traditions, you will be responsible for passing them on, untarnished.

AGGIE FRIENDLINESS
The open friendliness of Aggies is a tradition which sets Texas A&M Galveston apart from any other school. The friendly atmosphere of the A&M campus continually surprises visitors to our campus. Aggie friendliness is one of those traditions that can keep the Aggie Spirit alive and is one of the most important things an Aggie can learn and practice. It is important for members of the Corps to keep this alive by being helpful and friendly to all visitors and by greeting all with a friendly and distinct “HOWDY!” Freshmen Cadets learn this tradition of friendliness their first semester here, and they should continue this practice throughout their lifetime.

TWELFTH MAN
In Dallas on January 2nd, 1922, A&M played defending national champion, Center College, in the first post-season game in the southwest. In this hard fought game, which produced national publicity, an underdog Aggie team was slowly but surely whipping a team which boasted having three All Americans. Unfortunately, the first half produced so many injuries for A&M that Coach D. X. Bible feared he wouldn’t have enough men to finish the game. At that moment, he called into the Aggie section of the stands for E. King Gill, a reserve who had left football after the regular season to play basketball. Gill, who was spotting players and was not in football uniform, willingly volunteered and donned the uniform of injured player, Heine Weir. Although he did not play in the game, his readiness to play symbolized the willingness of the Aggie fans to support their team to the point of actually entering the game. A statue of E. King Gill stands to the north of Kyle Field to remind today’s Aggies of their constant obligation to preserve the spirit of the Twelfth Man. That spirit of readiness, desire, and enthusiasm has continued through the years, and to this day the Aggie student body, known as the Twelfth Man, remains standing at football games as a gesture of its loyalty and readiness for duty.

SILVER TAPS
Silver Taps is one of the most meaningful and important ceremonies at A&M. It is the final tribute to an A&M student who has died. The notice of commemoration is posted at Flag Pole. The ceremony is held on the first Tuesday of every month of the academic year at 2230 hours. In deference to the solemnness of the ceremony, there is no smoking and no display of affection. All lights in campus buildings in the vicinity of the Student Center are extinguished during the ceremony. Members of the student body gather in front of the Flag Pole. Friends and families of the deceased Aggies stand in front of the Flag Pole. The Firing Squad of the Hearne Honor Guard fires three volleys in honor of the departed Aggies. Buglers from the Aggie Band then play a special rendition of Taps three times in honor of the fallen Aggies. Cadets stand at attention. After the last note of Taps has faded, Cadets return silently to their residence halls.

AGGIE MUSTER
“Softly call the Muster, let comrade answer ‘Here’...”
On April 21, 1903, the 396-member student body held the first Aggie Muster, sixty-seven years after the Battle of San Jacinto, to commemorate both the battle and the Aggies who died in the previous year. Since then, Aggie Muster has been held each year on April 21 in every place where Aggies have been able to gather together. General George F. Moore, 1908, held an Aggie Muster on Corregidor in 1942, just fifteen days before the island fortress fell. Aggies have mustered amidst guns of war on Anzio beachhead in Italy in 1943, on Okinawa in 1945, at Guadalcanal, on the Korean Peninsula, the rice paddies of Vietnam, and in the deserts of Southwest Asia. At Muster, the “Roll Call of the Absent” is conducted and a living Aggie comrade answers “Here” for each of the departed, signifying that the departed comrade’s Aggie Spirit still remains. At the Galveston campus Muster, the Hearne Honor Guard Firing Squad fires three volleys and the Silver Taps Bugle Team plays Silver Taps. This tradition is symbolic of Aggie company and is unique among universities of the world.

YELL PRACTICE
Yell practice, held each week during football season, represents more than just another campus event. It is the time and place where enthusiasm is generated. The new student often gets his/her first feeling of real school spirit on these occasions.
Today, Midnight Yell is held in Galveston on the Thursday night before the main Midnight Yell (held on Friday) at Kyle Field before any Home game. For away games, Midnight Yell is held at the Grove in College Station on Thursday nights. Also for away games, a site is designated for a Midnight Yell in the city of our opponent on the night before the game.

After a victorious game on Kyle Field, the fish in the Corps of Cadets celebrate victory by throwing the yell leaders into the Fish Pond. The Yell Leaders then lead a short yell practice on the steps of the YMCA Building to prepare for the next game. If the team is outscored, the Twelfth Man remains standing in the stadium for a short yell practice to display the continuing support for the Aggie Team and to prepare for the next game.

CORPS TRIP
During designated football seasons, the entire Corps attends several out-of-town games, known as “Corps Trips.” Today, each Corps Trip means a weekend away from the regular routine of the campus and another occasion to demonstrate the support the Twelfth Man has for the Aggie team. Corps Trips are some of the most enjoyable events of the year for all Cadets. Currently, two Corps trips are made each fall semester to Aggie Home Games and the Corps participates in the march-in at Kyle Field.

THE AGGIE RING
The Texas A&M senior ring is a tradition as grand and as revered as the University itself. The ring is symbolic of hard work and of membership in the greatest fellowship in the world. In 1894, a committee picked the ring design similar to the one worn today. The cannon were added in 1900 and in 1939 various changes and additions gave the ring the appearance of today. In 1963, the name of the crest of the ring was changed from A&M College of Texas to Texas A&M University. Traditionally, the undergraduates at A&M proudly wear the ring with the class number facing the back of the hand. At the annual Ring Dance, the ring is turned around so the class number faces the front.

REVEILLE
Reveille is the official mascot of Texas A&M University. Reveille I came to Texas A&M in January 1931. A group of Cadets hit a small black and white dog on their way back from Navasota. They picked up the dog and brought her back to school so they could care for her. The next morning, when “Reveille” was blown by a bugler, she started barking. She was named after this morning wakeup call. The following football season, she was named the official mascot, when she led the band onto the field during their half-time performance. When Reveille I died on January 18, 1944, she was given a formal military funeral on the gridiron of Kyle Field. She was then buried at the north entrance to the field, establishing the precedent for all future Reveilles, facing the scoreboard, so that they could always watch the Aggies outscore their opponent. When Kyle Field added “The Zone,” the graves of past Reveilles were relocated to the plaza north of “The Zone” and a special scoreboard was erected on the north face of “The Zone” that could be seen from the grave sites. Reveille is the most revered dog on campus. Company E-2 has the privilege of taking care of Reveille.

**COMPANY MEETINGS.** Communication down through the chain of command and to the Cadets is vital to the success of each Company. One of the most efficient ways to accomplish this is through a Company meeting, to be attended by all Cadets within the outfit. Recommended schedule for the outfit meeting is 1700-1900 hrs Sunday nights, with meeting usually held in the outfit hallway/residence hall. However, this schedule is flexible and can be determined on an outfit-basis as long as it does not interfere with the academic day or study times.
1. CORPS RESPONSIBILITIES

Sophomores hold the rank of Petty Officer/Cadet 3rd Class. They are the direct leaders and are expected to execute the directions, programs, and rules established by the juniors and seniors.

Freshmen hold the rank of Cadet 4th Class. They are expected to be good followers and to carry out the lawful orders of the upperclassmen.

3. CLASS YEARS
a. All incoming Cadets in the Fall will begin as fish in the Corps, regardless of the number of hours you transfer in with, and will remain a fish for one entire school year. Spring Transfer new Cadets will be a fish for one semester.
   b. If you are on the four year track, you will advance to the next year group in the summer session of each school year, again regardless of your transfer hours.
   c. If you are on the three year track, you will advance to junior status your second year and senior status on your third year.
   d. No changes to Cadet rank or classification will take place in the spring.

Reminder, that all Cadets have to enroll for 3 school years (fall & spring), regardless of their transfer hours to comply with US Coast Guard regulations.

4. CONDUCT
   a. In campus buildings: All Cadets will maintain normal class distinction while conducting themselves in a manner that will reflect favorably upon the Corps. No Cadet will create a scene or disturbance that would be displeasing to others. No drinking of alcoholic beverages in uniform.
   b. Racially offensive, hate group, gang-related symbols, any form of pornography, drug paraphernalia or flags other than the US, country, state, college or POW/MIA.
   c. Speaking and "whipping out" - It is traditional on the A&M campus for students to be actively interested in each other, in visitors, in the faculty and in the staff of the University. The traditional “HOWDY!” and smile of friendship as people pass on the campus have become hallmarks known throughout the nation
   d. Conduct off campus and when in public gatherings:
      (1) Conduct off campus and when in public gatherings reflect upon the Corps. In most cases you will be among groups of Cadets in uniform. Such groups invariably must be careful to ensure that their actions reflect favorably on the University. Remember that groups of Cadets are always highly visible, both in and out of uniform, and are viewed as representatives of the University.
e. Corps Trips.
   (1) The prescribed uniform is worn properly at out-of-town games and public performances during Corps Trips.
   (2) Corps trips are required formations for all Cadets, unless properly excused.

5. PRIVILEGES / RESPONSIBILITIES

b. It is a Cadet privilege to live in a reasonably clean, and orderly room. To ensure the health and welfare of Cadets, random weekly room inspections will be conducted by both the Chief of Staff’s staff and the Cadet’s staff.

6. ROOM INSPECTIONS
Upon entering the Corps, Cadets voluntarily agree to a more regimented lifestyle than other University students. Part of this lifestyle involves random inspection of Cadet rooms and the Cadet environment, to ensure good order and discipline is maintained. To promote this environment, along with safe living conditions, Cadets will have their rooms ready for inspection every weekday from 0800-1200 hrs. The following items are prohibited:

a. Alcohol Containers—No alcohol containers of any kind (full, half full or empty) will be allowed in Cadet’s rooms
b. Room inspections will not begin before 0800 hrs for any reason.

6. ROOM INSPECTIONS
a. Alcohol Containers—No alcohol containers of any kind (full, half full or empty) will be allowed in Cadet’s rooms.

b. The Company with the best record of clean rooms each month will receive special privileges from Corps Staff.

7. PHYSICAL FITNESS TRAINING
a. Physical fitness is an important part of all Corps Activities.
   From climbing up and down the many ladders on the GENERAL RUDDER to keeping up with the fast pace of college life; a well-conditioned body and mind will help you succeed in school as well as your future careers. Additionally, both the Coast Guard and US Navy require you to pass certain physical standards if you want to join their service. For these reasons, physical fitness is emphasized and encouraged for all Cadets to accomplish at their own pace and time of day.

b. Along with fitness training a healthy diet and control of your physical weight will go along way toward helping a Cadet learn to live a healthy lifestyle. We teach a healthy lifestyle by requiring all freshmen to buy a meal plan and eat at the dining hall. If a Cadet consistently fails to meet these weight standards, they will be counseled to consider another line of work, a different career or finally asked to leave the Corps. These standards apply for the USCG and may soon be required of all LO Cadets.

c. The University has excellent fitness instructors and facilities and all Cadets are encouraged to take advantage of these opportunities. Additionally, all Sophomore through Senior Cadets are encouraged to join the various varsity and intramural sports activities available throughout the school year.

d. No formal training will be conducted before 0600 hrs for any reason. Additionally, no formal training will take place on Monday and Wednesday mornings without permission by the Chief of Staff.

e. There will be no physical training in the residence hallways for any reason.

Quote from a 2010 military regulation on physical fitness:"Fitness is like a lot of things in the Military," he said. "It’s an individual’s responsibility. If you want to do it, pass the test, you’ll do it. You’ll find a way. Period."

CHAPTER 6
GENERAL – CADET CONDUCT PROGRAM

1. CADET CONDUCT PROGRAM DESCRIPTION
   a. Conduct standards for the Corps are set forth in writing in order to give Cadets general notice of prohibited conduct. These rules should be read broadly and are not designed to define prohibited conduct in exhaustive terms.
   b. Violations of Chapter 6 may result in Cadet conduct sanctions as defined in the Sanctions section of this publication. Any Cadet conduct sanction imposed by the Corps may precede and be in addition to any penalty that might be imposed by the Office of Student Life or any off-campus authority.
   c. Cadets are responsible for following and complying with the most current Texas A&M University at Galveston University Student Rules. The online Cadet Operations Manual serves as the official Cadet publication.
   d. The Superintendent or his designated representative has the final review/administrative authority in all Cadet conduct and administrative cases. The Deputy Superintendent as the authority to act for the Superintendent unless otherwise stated.
   e. Texas A&M at Galveston University Student Rules is the governing authority on the administration of Cadet Conduct Process.
   f. During the training cruise, the Superintendent of the Texas A&M Maritime Academy, or his designated representative in his absence, may refer infractions of Texas A&M University at Galveston University Student Rules for disposition within the Cadet Discipline System.
   g. The Superintendent has the authority to place a Cadet, who is on the summer training cruise, on interim suspension off the vessel, if he believes that the presence of the Cadet poses a continuing danger or safety issue to persons or property, or presents a threat of disrupting the academic/operations on the vessel. A Cadet Conduct Conference will be scheduled as soon as practicable thereafter.

2. CATEGORIES OF OFFENSES
   a. Category I Offense: These violations are considered to be of the most serious nature. Only the Deputy Superintendent and Assistant Commandant have the authority to assess sanctions for all Category I Offenses.
   b. Category II Offense: Consists of violations of directives; long-standing, well and properly established University or Corps traditions or customs; standards of courtesy and class privileges. In most cases these will be handled within the Corps through the use of demerits or Restricted Weekends (RW). See paragraph on Cadet Conduct Process.
   c. Cadets are required to work off their restricted weekend within 1 week of receiving it; without a valid excuse. Any Cadet who doesn’t have them complete by the end of the semester will be considered for not going on the summer cruise or being allowed to join the Corps the following semester.
   d. When a Cadet receives over 15 demerits in a semester, they will be considered for dismissal from summer cruises or the Corps.

3. REPORTING CADET CONDUCT VIOLATIONS
It shall be the duty and responsibility of each Cadet to report the violation of any Category I or II offenses, through the Cadet channels up to the Deputy Superintendent. When reporting through the Cadet chain of command might discourage a student to report the violation, any Cadet may report directly to someone else on the Superintendent’s staff.

4. PROHIBITED ACTIONS
   a. Violation of Federal or State Law: Violation of any law of the United States, law of the State of Texas or municipal ordinances.
   b. Violation of Texas A&M University at Galveston University Student Rules. (see Section 24 of the University Student Rules)
   c. Violation of Corps Rules: Additionally, the below list of Corps violations is not designed to be all inclusive or exhaustive.

(1) Conduct Unbecoming a Cadet: A Cadet is responsible for “conduct unbecoming a Cadet” when his or her actions or conduct could be interpreted to be detrimental to the best interests of the individual Cadet, other persons, the Cadet’s unit, the Corps, or Texas A&M University at Galveston.
(2) Disrespect or Insubordination: Any Cadet who is disrespectful or insubordinate in demeanor, word or action toward any university official or Cadet in the chain of command, whether or not this occurs in their presence, is subject to sanction under this action.

(3) Failure to Follow Orders: Failure to follow the verbal or written orders/directions of the Dep Superintendent & Chief of Staff, any university official or Cadet in the chain of command.

(4) Permission to Touch:
   (a) It is improper for a Cadet to touch another Cadet without his or her permission unless there is a legitimate safety reason (e.g., a Cadet about to fall, in danger of being hit by a vehicle, etc.).
   (b) It is proper to touch, with permission, another Cadet when making minor corrections such as adjusting a hand salute.
   (c) It is never proper for a Cadet to touch or grab a fellow Cadet for the purpose of harassment or Cadet conduct action.

(5) Abuse of Class Relationships:
   (a) Upperclass Cadet will not require lower class Cadet to perform “personal service” tasks (e.g., moving the upper class Cadet’s car to avoid a parking violation, picking up cleaning, etc.). Performing personal service or unauthorized details directed by upperclassmen with or without remuneration is also a violation.
   (b) Upperclass Cadet will not require lower class Cadet to “earn privileges” or perform unauthorized physical training to receive a “special position or duty.”
   (c) Do not borrow items (e.g., money, services, vehicles, uniform items, clothes, etc.) across class lines. This practice disrupts good order and discipline and may pose a question of coercion.

(6) Improper Cadet Relationships:
   (a) Improper relationships are those inter-gender (male-female) or intra-gender (male-male, female-female) relationships that could result in actual or perceived favoritism, unfairness, or partiality, that are detrimental to good order and discipline within the unit or the chain of command.
      • Upperclass Cadet will not date freshman Cadets.
      • Dating among Cadets is permissible; however dating will be conducted with the same standards of discretion and good judgment expected of all Cadets.
      • There will be no intra-outfit dating (within same outfit).
      • Cadets will not date others in their direct chain of command.
      • Dating between fish will be allowed provided the relationship is not intra-outfit.

(7) Cadet Conduct in the Residence Halls and Lounges:
   (a) All Cadets must respect the rights of others to privacy and must maintain good neighborly relations with those who are housed in the Corps residence halls.
   (b) No Cadets will disturb study conditions in the residence halls, or residence halls area, and all Cadets should be especially careful to comply with all quiet hour restrictions.
   (c) Cadets will be dressed appropriately at all times. Unless they are in their rooms or the bathroom. As a minimum, shorts or bathrobe for males and shorts and T-shirt or bathrobe for females will be worn. At no time will nudity or a towel alone in place of shorts be acceptable in hallways or other common areas.
   (d) Cadets will not remove, disable or render inoperative any fire protection equipment in the residence halls.
   (e) Cadets will not engage in inappropriate sexual behavior as determined by the Deputy Superintendent

(8) Cadet Conduct while on the Training Cruise: While participating on cruise, you are registered for class and the ship is your classroom and the surrounding on shore area is your campus; therefore all university rules apply. Any conduct that occurs on cruise is subject to a university conduct conference when deemed necessary by the Superintendent or his representative.

(9) Interference with Free Time: As a general guide for Cadet conduct, all students are entitled to use free time to study, sleep or attend to personal matters, except when otherwise directed by competent authority.

(10) Use of Profanity: Members of the Corps will not use profanity when performing Corps functions, in the “Corps environment”, or while wearing Corps uniforms (i.e., all Cadets are expected to use good judgment and restraint in expressing themselves).

(11) Physical Exercise: Corrective physical exercise may be used to call attention to minor offenses. “Punitive PT “ (Pt that is used solely to punish) is not authorized. No PT is allowed in the residence halls.

(12) Uniforms: Cadets will not wear any unauthorized or unearned items as part of the Corps uniform. No one outside of the Corps is allowed to wear a Corps uniform.
Uniforms: Cadets will wear their correct rank and insignia. Failure to have sleeve rank sewed on, or failure to purchase the appropriate shoulder boards, may result in disciplinary action.

Watches: All LO Cadets are required to pull watch on the ship. This is not an option, this is a requirement. Repeated failure to pull your watch (1 or more) may result in No Summer Cruise and then suspension from the Corps.

Excessive Demerits: Any Cadet who receives over 15 demerits per semester will be subject to formal disciplinary hearing, which may receive a sanction up to suspension from the Corps.

Hazing: Hazing is Prohibited. Prohibited acts committed for the purpose of initiation, admission into, affiliation with, or as a condition for continued membership in a group or organization, Corps of Cadets, Corps Outfit, Corps unit or Corps Special Activities.

– See Texas A&M University at Galveston University Student Rules.

No diving, swimming or wading in water adjacent to the Mitchell campus or the training vessel.

5. ALCOHOL & DRUG RULE

a. 24.4.13. Alcohol. Alcohol use, possession, manufacturing, or distribution of alcoholic beverages (except as expressly authorized by University regulations), is prohibited on Texas A&M University at Galveston premises and University sponsored events. In addition, use, possession, or distribution of alcohol beverages while driving or riding in or on a vehicle on University premises is prohibited. Alcoholic beverages may not, in any circumstance, be used by, possessed by, or distributed to any person under twenty-one (21) years of age. Individuals may not be in a state of public intoxication or drunkeness. Individuals may not operate a motor vehicle or another form of transportation while intoxicated or while under the influence of alcohol. Being present in a room or area where alcohol is found or being consumed on campus or at University-sponsored events may result in a student being charged for possession or complicity even if the student is not consuming alcohol. (See Appendix VIII, Texas A&M University Alcohol Rules)

b. Cadets who are in violation of Section 24.4.13 will be charged with violating University Student Rules and with conduct unbecoming a Cadet. Examples of prohibited activity involving alcohol includes but is not limited to:

1) Drinking/possession on the campus or residence halls
2) Drinking/possession in uniform, on or off campus, unless the Cadet is attending a university authorized event that has received the approval of the Assistant Vice President of Student Affairs and Auxiliary Services to have alcohol served at the event.
3) Drinking/possession within 12 hours of performing any Corps duty—INCLUDING WATCH!
4) Drinking when under 21 years of age
5) Providing or allowing Cadets under 21 to have alcohol

Sanctioning of most campus alcohol related infractions usually begins with suspension from the Corps.

c. Cadets will not consume alcohol while in uniform on or off campus unless the Cadet is attending a university authorized event that has received the approval of the Assistant Vice President of Student Affairs and Auxiliary Services to have alcohol served at the event.

d. Cadets who will perform a duty to represent Texas A&M University at Galveston or the Corps will not consume alcohol during the period starting 12 hours prior to the duty and ending after the completion of the duty.

e. Use of illegal drugs in the Corps will not be tolerated. Cadets should submit any information regarding illegal drugs in the residence hall to the appropriate authority (i.e., Deputy Superintendent, Director of Student Life or their community leaders, etc.), who will notify Campus Police and take appropriate student conduct action.

f. If you know of a Cadet who appears to have a serious drinking problem (e.g., constantly drinking, getting drunk several nights a week, etc.) express your concern to the person. If they are having drinking problems, they also may be having other problems (e.g., social, academic, mental, physical, etc.). Refer the Cadet to the Student Counseling Office for help.

g. As a deterrent against the illegal use of drugs, and in accordance with Department of Transportation procedures, all Cadets are vulnerable to selection for a random drug test. At random times during the school year, Cadets will be informed that they have been selected for a drug test. They must comply with procedures of the published program within the time specified or be dismissed from the Corps for non-compliance.
h. Cadets found responsible for use of or possession of drugs must submit to routine drug testing at their own expense and test negative on three consecutive tests to apply for membership back into the Corps.

i. In the event of an overdose or other drug related problems needing medical attention:
   (1) Call the emergency number 9-911.

6. CADET CONDUCT PROCESS

a. Initial Action: Upon receipt of a report of an alleged violation, that can come from a variety of sources to include the internet, the Deputy Superintendent may ask for recommendations from the Cadet’s Company Commander, from a Board of Officers/Cadets appointed by the Deputy Superintendent, from an administrative hearing officer, or from any other appropriate source. This includes social sites on the internet. The decision to require joint action with the Office of Student Life and the Deputy Superintendent shall be agreed upon by both parties.

b. Rights: Please refer to the Student Rights, which can be found in Section 26 of the Texas A&M University at Galveston University Student Rules.

c. Charges: The issuance of a charge letter is the first step in the administrative hearing process. This letter states the alleged rules violation and/or incident of concern. In addition to the charge letter, the Cadets will receive information notifying him/her of the time and place of the hearing. The charge letter does not indicate a presumption of responsibility of a rule violation, but rather a complaint has been made against the Cadets and there is a need to hear both sides of the situation.

d. Hearing: Cases that may result in a sanction involving expulsion, dismissal, suspension, and deferred suspension from the University will follow University Student Rule procedures with the exception that the University administrative hearing may be heard concurrently with a Texas A&M Maritime Academy administrative hearing. Category I offenses that will not involve removal from the University will normally be heard by the Deputy Superintendent or a designated staff member. Category II offenses will normally be heard by the Cadet Mast, or by the Cadet Court if the violation has been repeated several times.

e. Sanctions: Sanctions for Category I offenses may include:
   (1) Expulsion from Texas A&M Maritime Academy: Separation action without option for readmission.
   (2) Suspension from Texas A&M Maritime Academy: Separation for a defined period; readmission is not guaranteed but will be considered upon request.
   (3) Deferred Suspension from Texas A&M Maritime Academy: The sanction of suspension may be placed in deferred status. In this case, a violation of The Corps Operations Manual during this period will cause the suspension from the Texas A&M Maritime Academy to take effect immediately without further review. Additional action may also be taken regarding the most recent offense. Deferred suspension also carries the restriction that a student is “Not in Good Standing” with the Corps.
   (4) Conduct Probation: An official warning that a Cadets' conduct has been in violation of The Corps Operations Manual, but is not serious enough to warrant expulsion, dismissal, or suspension from the Texas A&M Maritime Academy. Conduct Probation means that a Cadets is “Not in Good Standing” with the Corps. Violation of any part of the probation may result in immediate separation up to and including dismissal from the Corps. This sanction includes the same restrictions as Deferred Suspension from the Texas A&M Maritime Academy and therefore:
      • May not hold a leadership position (defined as CO, XO, and SCPO).
      • May not represent the Corps to anyone off campus
      • Ineligible to go on the summer cruise or may be discharged from the vessel at the closest port.
      • Further Corps limitations may be imposed in the Sanction letter.
   (5) Conduct Review: A Cadets on conduct review shall remain “In Good Standing” with the Corps.
   (6) Relief from Command or Position.
   (7) Restitution
   (8) Restricted Weekends and Working on the Maritime ships.
   (9) Letter of Reprimand.
   (10) Demerits.
   (11) Other similar and appropriate sanctions as approved by the Deputy Superintendent. Only the Superintendent, Deputy Superintendent and the university staff may place a Cadet on “Not in Good Standing” with the Corps.

def. Appeals: Cadets receiving sanctions as a result of a Corps hearing have the right to appeal as specified in their sanction letter. The appeal process will be done through the chain of command using the following guidelines:
   (1) Cadets wishing to appeal must file the written appeal in the Corps Office within five university working days from the delivery of the decision.
   (2) The appeal letter template to request an appeal may be picked up at the Deputy Superintendent’s office.
   (3) The Superintendent is the final appeal authority in all Cadet cases.
g. Suspension from the Corps: Any Cadet who receives a sanction of suspension from the Corps or higher must follow the
written instructions presented to him/her in the sanction letter. The instructions for administrative separation are the
same as suspension from the Corps. They include:
(1) A definite time in which the Cadet must leave the Corps
(2) Paperwork for leaving begins in the Deputy Superintendent’s office.
(3) Failure to check out properly may result in additional housing charges.
(4) Admission back into the Corps is dependent upon completion of the sanction and approval by the Superintendent.
h. Administrative Separations: The following are examples of actions that may result in administrative separation
from the Corps.
(1) Any Cadet who fails to complete their RWs or Community Service projects prior to the end of each semester. This information is found with the Cadet Master of Arms.

7. HONOR BOARD
a. Cadet Honor Board: The Cadet Honor Board will hear cases involving non-academic issues. The procedures and
operation of the Honor Board are the same as Cadet boards with the exception that the only two sanctions the Honor
Board has available are Corps Suspension and Corps Honor Probation.
b. The Honor Board shall consist of 5 seniors who are leaders in their class, recommended by the Corps Commander and
approved by the Deputy Superintendent. (Quorum of 3 required)
c. Members must meet all requirements necessary to apply for a leadership position in the Corps.
d. The Honor Board shall hear those cases referred to it by the Deputy Superintendent. A quorum of three Cadets is
required for all Honor Boards. The Honor Board will determine whether the Cadet is responsible or not responsible for
the charges against them.
e. If a Cadet is found responsible, the Honor Board may only recommend a sanction of Suspension from the Corps or
Corps Honor Probation.
f. Members shall be appointed to serve for one year. Appointments may be terminated at any time for cause.
g. The recommendation of the Honor Board will be forwarded through the Deputy Superintendent and to the
Superintendent for appeal/final decision.

8. ADMINISTRATIVE BOARD
a. An Administrative Review Board will be convened to hear cases involving Cadets that are not meeting Texas A&M
Maritime Academy standards (grade point average, STCW, etc.) and will decide if the Cadet is to remain enrolled in the
license option program.
b. The Superintendent may direct any Cadet to meet an Administrative Board for a recommendation of action to the
Superintendent.
c. The Superintendent is the final authority concerning administrative board recommendations.

9. CAPTAIN’S MAST
The Captain of the ship is responsible for supervising and conducting the Mast for violations of ship rules. He shall select
as necessary Mast members, with the Superintendent’s approval, to assist in conducting the hearings. The purpose of the
Captain’s Mast is to adjudicate in a timely manner the Cadet who miss Watch, Practical Training, or STCW training. The
Mast will make one or more of the following recommendations:
a. No further action required
b. Additional teaching is required
c. Additional training/work on the ship is required
d. Will not be allowed on the summer cruise
e. After repeated violations (more than two) of the ship requirements, may recommend that the Midshipman have a TMA
Hearing with the Deputy Superintendent.

10. CADET BOARDS
There are two separate Cadet boards, each with its own membership and jurisdiction. Only those boards mentioned in this
rule are authorized within the Corps.
a. Cadet Court
(1) The Cadet Court will be composed of 3 senior and/or junior Cadets. These Cadets shall be recommended by the
Corps Commander and approved by the Deputy Superintendent.
(2) The Cadet Court will hear cases that have been passed down by the Deputy Superintendent. A quorum of three
Cadets is required to hear a case.
(3) The Cadet Court will determine whether the Cadet is responsible or not responsible for the charges against them.

(4) Members shall be appointed to serve for one year. Appointments may be terminated at any time for cause.

b. Cadet Review Board (CRB)

(1) Established to review Cadets who have received the maximum number of demerits for their continued membership in the Corps.

(2) The Cadet Review Board shall consist of the following individuals.

   (a) The Corps Master at Arms who will act as chair and write the report.
   
   (b) Other Cadets selected by the Corps Commander.

(3) The recommendation of the Board will be forwarded to the Deputy Superintendent. The Superintendent is the final authority.

11. CORPS APPEALS

a. The Superintendent or designated representative is the final appeals authority in all Cadet Cases.

b. Cadets sanctioned within the Cadet Conduct process may submit an appeal, through the Corps Office, by contacting the Superintendent’s office assistant at 409-740-4706.

12. DEMERIT SYSTEM

Demerits serve both as a Cadet disciplinary tool and a performance indicator. Company Commanders are responsible for ensuring the system works properly.

a. If a Cadet receives a total of 5 demerits in one semester, one restricted weekend (RW) will be administered by the MAA immediately following the date receiving the 5th demerit. RWs must be served the week they are earned, unless there is a valid excuse.

b. A weekly Demerit list will be placed in an appropriate area on Wed of each week and Cadets are expected to complete their demerits that week, unless they have a validated excuse, by their commander. Then they must do it the following week. All commanders will have a semester total of all demerits and there is no excuse for not checking to see how many you have received. The MAA also has a list.

c. Cadets have the right to appeal the demerits assigned by attending the Cadet Mast. All appeals should be heard within 5 business days from when the demerits are issued.

d. If a Cadet receives a maximum of 15 demerits per semester, their status in the Corps will be reviewed and a recommendation made concerning their membership.

e. The Corps Commander will determine who is authorized to give demerits in the Cadet Chain, normally the Company Commander, the XO and the Senior Chief Petty Officer.

f. In most cases demerits should not be given to freshman, but rather use of additional training or motivation when more appropriate. Establishing Company CQ on the weekends is another effective discipline technique.

13. CADET MAST

a. Demerits are investigated and adjudicated at Cadet Mast. Cadet Mast is an officially sanctioned function of the Corps. It is mandatory that Cadets attend Mast when they have over 5 Demerits.

b. Cadet Mast will be held biweekly, if there are cases to be heard. It will be chaired by the Corps Commander or, in the absence of the Corps Commander, by the Deputy Corps Commander.

c. Commanders may recommend Mast for repeat offenders. The results of Cadet Mast shall be forwarded within 24 hours to the Deputy Superintendent for review and approval.

d. Cadet Training Officer may attend MAST as a Faculty Adviser.

14. RESTRICTED WEEKEND (RW)

a. The Adjutant is responsible for supervising and conducting the RWs under the authority of the Corps Commander.

b. Restricted Weekends are normally assessed for the accumulation of 5 or more demerits and/or as assigned by the Deputy Superintendent.

c. During a RW, a Cadet will report to the ship guard post or the Corps Office in their Tan Uniform, at 1800-2000 hrs on Friday and a Call to Quarters will be held for the Cadet to study. On Sat morning, sign-ins will be at 0800, 1000, 1200, 1400-1600, and 1800hrs. Saturday between 0800-1200hrs, work assignments may be issued and blue coveralls are authorized, if available; otherwise a study hall is required in the morning. ONLY FISH AND SOPHOMORES HAVE TO ATTEND STUDY HALL.

d. Failure to make all your sign-ins will result in A Cadet’s Mast, followed by a Deputy Superintendent Hearing
if necessary.

e. Accumulating 3 RWs may result in suspension from cruise or the Corps.
f. Cadets must begin serving their RW the second weekend of making the list.

SAFETY

1. SAFETY PROGRAM

Safety is everyone's responsibility. If you see an unsafe act, attempt to stop it then report it to a member of the chain of command. If you see an unsafe condition, report it to your commander. Use common sense to avoid unnecessary risks. If you are not able to contact your commander, contact the Office of Student Life at 409-740-4561 or CAMPUS POLICE at 409-740-4545. In case of an emergency dial 911.

2. FIRE SAFETY

a. There are heat and smoke detectors in the hallways and individual rooms and there are manual pull stations in each stairwell. Refer to the “Safety Operations” section of the TAMUG Residence Hall Manual, for additional information regarding fire-safety including safety inspections, fire drills, and evacuations. Do not cover smoke detectors or attempt to disable them.

b. Fire extinguishers are located in each stairwell. Use these only if it does not interfere with a safe evacuation. Do not tamper with fire extinguishers.

c. Hallway fire doors are designed to close automatically in the event of a fire alarm. Do not block these doors or cover the glass windows.

d. Room door closers are designed to automatically close the door to prevent fires from spreading. You may temporarily prop them open only while you are in the room.

3. SAFETY / SECURITY

a. Cadets will lock their doors when away from their rooms and at night when going to bed. Do not lend your key or ID card to any individual. Report a lost key immediately.

b. Do not allow someone to follow you into the residence hall after you swipe your card, especially if that person is unfamiliar to you (including uniformed Cadets).

c. Keep hallways clear. Place trash cans at the end of the hallways outside the fire doors.

d. Texas A&M University at Galveston rules prohibit smoking in any building on campus including residence halls, Cadet rooms, and lounges.

e. Candles (with or without wicks), incense, oil lamps, and other devices which use an open flame (including potpourri pots) are prohibited in the Corps residence halls. Refer to the TAMUG Residence Hall Manual.

f. Additional safety information is described in the TAMUG Residence Hall Manual.

4. ASSISTANCE PROGRAM

a. Treatment of Illness or Injury at Galveston

(1) Cadets are responsible for seeking treatment of all personal injuries or illness. Routine treatment and physical examinations are available through TAMUG contract physicians or the Cadets may consult any physician desired. In all cases the costs of treatment, examinations or consultations are the responsibility of the individual
Cadets except as noted under paragraph “B” below. Cadets covered by medical insurance should carry proof of such insurance to facilitate processing of claims.

b. Emergency medical treatment in Galveston is available in the Emergency Room of UTMB. The emergency room (11th and Strand/Harborside) should be utilized for treatment of any serious injury or for serious illnesses occurring after the regular office hours of the Cadet's physician. Emergency room expenses are the responsibility of the student. USMS Cadets receiving student incentive payments (SIP) are covered by Worker’s Compensation for injuries that happen during Corps activities to include shipboard related accidents. It is important that when a Cadet is injured that the Ship Captain and his staff is notified first, followed by the Deputy Superintendent and Superintendent’s offices. All workers compensation accidents must have an accident form completed and faxed to Maritime Administration within 24 hours of the incident, by the Chief Mate or the First Asst Engineer. If this is not done, it may delay or even prevent an individual from receiving any compensation. See Superintendent’s Instruction or successor instructions regarding Worker’s Compensation.

c. An Emergency Care Team (ECT) staffed with Emergency Medical Technicians (EMT) is organized on campus (when adequately trained personnel are available). The Office of Student Life will publish information on a semester basis describing EMT resources available.

d. Injuries and illnesses should be properly treated by competent medical personnel. This will prevent the development of unexpected complications that may result from an injury or the spread of illness through the student body by the carrier of an untreated contagious illness.

e. Serious injury or illness must be reported to the Office of Student Life and the Superintendent’s Office during working hours. After hours the report is made to the Community Leader (CL) on duty or the Cadet Duty Officer (CDO) who will immediately inform the Deputy Superintendent or designee. This report must be made as soon as possible either by the afflicted Cadet or some other person acting for the Cadet. Cadet being admitted for hospitalization shall, if possible, request that Texas A&M University at Galveston be notified. For any treatment given, a written report shall be obtained and submitted to the Superintendent’s Office as fit/not fit for duty or light duty and shall be signed by the attending physician.

f. All Cadets are encouraged to be sure their family insurance will cover them on the cruise, especially out of the Continental US. This should include repatriation and hospital care in a foreign country. If not, a supplemental insurance policy is available through Texas A&M and the counseling service office: The Texas A&M 50K or 500K Insurance Plan, www.tamuinsurance.com, or 800-452-5772.

g. All Cadets are reminded that for any incident that might happen on the ship or the school, during the school year that their family insurance plan is their primary option for compensation.
