

One Button Studio: Instructional Guide

Record your video in 3 easy steps!

- 1. Plug USB flashdrive into the dock**
- 2. Press the button to start and stop recording**
- 3. Remove USB flashdrive from the dock**

Preperation

- **Schedule an appointment at the Studio via Navigate!**
- **Bring a blank USB flashdrive (~32gb) and reformat as exFAT or FAT32.**
 ***Note - Reformatting a flashdrive erases all existing content and files.**
- **Bring any additional presentation material for your video recording**
