APPLICATION STATUSES

(Step 6 of 7)

EFFECTIVE FEBRUARY 22, 2017:

At this time, Texas A&M-College Station non-Corps housing is currently full for Fall 2017. We are only offering the Wait List or Notify List option for on-campus housing at this time. Corps of Cadet housing does not close and is always an option

If you are Regent Scholar or a Terry Scholar (both require you to live on-campus), please apply for the Wait List. Once we get confirmation of your scholarship, you will be moved to Guaranteed Housing

Students who apply for the Wait List will get an update in mid-April and will be notified in early June if we can get you on-campus housing. We have found that the longer you can wait, the better your chances are you will get on-campus housing for the Fall. Last year, every student who was on the Wait List was offered and opportunity to live on-campus

Students who apply for the Wait List are "next in line" if housing re-opens. Students who are on the Wait List pay the \$50 application fee and pay the \$300 deposit (or can request that it be deferred - or paid later). Students who apply for the Notify List, do not pay the application fee and deposit, will be work after all students on the Wait List have had an opportunity to apply.

Scroll

Wait List Housing

Wait list housing status will be given to all non-freshmen applying for traditional residence halls and pay by semester apartments due to Texas A&M University housing being designated as "freshmen priority" housing. Freshmen who apply for housing after housing in closed will also be placed on the wait list. Students given wait list housing status will be accommodated after all priority housing and guaranteed temporary housing students are accommodated.

Assignment Process

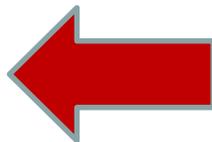

All housing assignments will be based on the housing priority date, so the sooner students apply, the greater chance of getting their top choice of housing options. Priority date is determined based on the date the application is complete - paid application fee and signed housing contract.

For Corps of Cadets Only: Students in the Corps of Cadets are guaranteed a space on campus on the Corps Quad. However, if a student leaves the Corps of Cadets, the student will have to reapply for housing and will be placed in one of the housing statuses described above.

Please make sure you understand your housing status before completing this housing application as the application fee is non-refundable and canceling the contract may result in monetary penalties.

HALL/APARTMENT PREFERENCE

(Step 8 of 12)

During the spring semester, all applicants will be given a date and time to come back and self select a hall/apartment and room. Applicants will be given a date and time based on their Housing Status (priority, guaranteed or waitlist) and their Housing Priority Date.

In the unlikely event that you are not able to self select a hall/apartment and room, or choose not to self select, you must give us at least three housing preferences so that we can manually assign you. Housing preferences are not a guarantee that you will be placed in these halls/apartments.

Please review the housing options or the residence hall styles.

Engineering LLP students who want to be part the ELLP must select:

Application Fee

The \$50 application fee is non-refundable. Even those who are granted a Housing Deposit Deferral must pay the housing application fee.

Housing Deposit

Scroll

The \$300 Housing Deposit serves as a space reservation, a damage deposit and a deterrent to late reservation cancellations. The \$300 will remain deposited with the University as long as a student is living on campus. This deposit is not applied toward residence hall or apartment rent. Deposits will be refunded if all cancellation criteria are met and no damages to the student's room/apartment have been charged. Regardless of who pays the deposit, it becomes the property of the student and will be refunded to the student.

Housing Deposit Deferral Request

Applicants who will be receiving some form of financial aid are eligible to request a Housing Deposit Deferral. This means that instead of paying the housing deposit in advance, approved students will be able to pay the \$300 at a future due date (due date is always before fall move-in).

Any applicant who applies for the Housing Deposit Deferral must submit a financial statement (FAFSA or TAFSA) to the TAMU Student Financial Aid Department who will determine eligibility for a deferral. You will be notified by the Housing Assignments Office regarding

CONFIRMATION

Please Print This Page For Your Information And Record Keeping.

Thank you for completing an on-campus housing application at Texas A&M University-College Station.

We believe you have made two of the most positive decisions possible by choosing to attend Texas A&M University and by choosing to become part of the Residence Life family. Living on campus puts you in the heart of Aggieland and offers you a tremendous opportunity to learn more about yourself, others, and the world around you. On-campus living offers helpful and supportive staff, leadership development, and educational opportunities.

At this time you have paid the application fee, paid the deposit (or requested a deposit deferral), and signed the housing contract. You should have received a payment confirmation by email at the time you paid the application fee (or application fee and deposit if you paid both together). If you requested a deferral of the housing deposit, you will be notified by email if the deferral request is denied. You will then receive instructions for paying the deposit.

You may return to this housing application at any time to view the contract or you can view a copy of the contract on our website at <http://reslife.tamu.edu/apply>. The contract is for your information and reference. You do not need to return a signed paper contract. If you were under the age of 18 when you initially applied for on-campus housing at Texas A&M, you were required to have a parent/guardian proxy to complete the application process. A copy of this electronic approved proxy will be kept on file.

Students who require accommodations in their on-campus living environment due to a disability should contact the Department of Residence Life as soon as they complete their housing application. Students may be required to submit documentation to support their accommodation request. The Department of Residence Life works closely with the Department of Disability Services to ensure that students with disabilities have equal access to housing. All accommodation requests need to be done by May 1st for the academic year, or as soon as possible for the spring and summer semesters. Disability Services may be contacted at (979) 845-1637 or at disability@tamu.edu.

As a reminder, students have until May 1st (for the Fall), Oct 31st (for the Spring), or May 1st (for either of the summer session terms) to cancel their housing (regardless of when the student applied) and not be charged for late cancellation.

Students have 7 calendar days after their room self select time slot date (for those who are self selecting their assignment) or from the date the student is assigned and notified of their housing assignment to cancel their housing and not be charged for 25% of their semester rent.

Cancellations can be done online at <http://oncampusaggies.tamu.edu> (return to the housing application and click "Cancel Application") or by sending an email to housing@tamu.edu. Cancellations must include the student's name, UIN, and the semester for which they want to cancel.

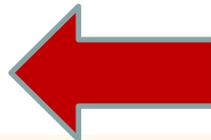

Because of the large number of students we serve and the high demand for on-campus housing, the assignment process can sometimes be long and confusing. We thank you in advance for your patience throughout this process, and will be working with you during each phase.
