

## **Robert '95 and Sarah '96 Dwyer Family Chief of Staff Endowed Scholarship**

**Established in 2023 by Robert '95 and Sarah '96 Dwyer**

The Robert '95 and Sarah '96 Dwyer Family Chief of Staff Endowed Scholarship will reward Aggies by the Sea who serve as Chief of Staff for the Corps of Cadets while pursuing a degree from the Texas A&M Maritime Academy.

Sarah Received a bachelor's degree in agriculture science from Texas A&M University, where Robert also earned a bachelor's in finance and accounting. They met on the dance floor in Bryan, Texas, and married three years later. After graduation, Sarah served as a high school agriculture teacher

and homeschooled their children, three of whom are Aggies. Robert spent his first three years after graduation in accounting and later gravitated to the wealth management industry. He is currently a certified financial planner and wealth advisor.

Though they both had amazing experiences as Aggies, their inspiration for this gift stems from their son's experience as Chief of Staff for the Galveston Corps of Cadets. After witnessing their son

lead his fellow cadets, they knew that the future of the Corps and its ability to shape future Aggie leaders of character was something they needed to invest in. They hope this scholarship will reward and assist future young men and women as they serve their peers and beloved university.
