

## **Galveston County Aggie Moms' Club Endowed Scholarship II**

---

**Established in 2024 by Presidents Dr. Patti Hankins and Dalinda Dugal**

Founded in 1961, the Galveston County Aggie Moms' Club is home to over 500 mothers from Texas, across the country, and even the globe. The organization supports all Aggie students and their families through assistance, guidance and encouragement. Whether it's hosting a reception at Muster or contributing to campus enrichment projects, like the baby grand piano in the student center Flag Room here on campus, these mommas believe it's an honor and privilege to help and work alongside students and staff at the Galveston campus.

Through fundraising efforts during the last two years, the organization established their second endowed scholarship in April of this year. Their inspiration was to provide scholarships that will allow students from both the College Station and Galveston campuses to fulfill their academic goals at Texas A&M. Each year, this scholarship will be awarded to one student, alternating between the two campuses.
