ABSTRACT

	Questions	Total Possible	Score
Abstract	<ul style="list-style-type: none"> ➤ Is the abstract concise and accurate? ➤ Does it reasonably resemble the work presented? 	5	
Methods	<ul style="list-style-type: none"> ➤ Was the study/project well designed? ➤ Was the overall approach appropriate for the problem? ➤ Does the work make a contribution to the field of study? 	15	
Results & Discussion	<ul style="list-style-type: none"> ➤ Were the results explained and were the original questions/goals answered with the results? ➤ Does the student understand the contribution of the study? 	10	
Poster Quality	<ul style="list-style-type: none"> ➤ Was the presentation supported by a balance of appropriate text and graphics? ➤ Is there a logical flow to the information? ➤ Was the poster pleasant to look at? 	10	
Presenter Quality	<ul style="list-style-type: none"> ➤ Did the presenter lend confidence in the work with their presentation? ➤ Did the presenter answered questions appropriately and demonstrate a good overall knowledge of the topic? 	10	
	Total	50	

Note: Use the points listed in the "total possible" column to assess the criteria in the table. For each category, the highest number is the best score that a student may receive on the project. Note that the highest score should be used sparingly, referring only to those projects in the top 5% of all student presentations. Please carefully total your scores. The total score should not exceed 50.
