Biology of the Sea Turtle Packing List

We are very excited to spend a week with your camper exploring multiple marine environments around Galveston! We wanted to include a few extra packing items based on students specific camp program!

- Camping: The students will spend one night at Lake Corpus Christi State Park! We suggest campers bring a sleeping bag and pillow as they will be sleeping in bunks with mattresses provide. We also suggest that campers bring a separate small bag apart from their luggage in order pack one night's clothing, rather than taking all of their belongings. They may leave the rest in their dorm room while they are on their adventure.

We can't wait to meet our campers! If you have any questions about camp please feel free to call us in the business office at 409-740-4525.

Thanks and Gig'em!
