AUTHORIZATION FORM

1. EXCULPATORY CLAUSE. In consideration for receiving permission to visit and participate in any and all activities of Soltis Center for Research and Education in Costa Rica (herein referred to as "The Center"), which is sponsored by the Texas A&M University (herein referred to as "Sponsor"), a member of The Texas A&M University System, I hereby release, waive, discharge, covenant not to sue, and agree to hold harmless for any and all purposes Sponsor, The Texas A&M University System, the Board of Regents for The Texas A&M University System, and their members, officers, servants, agents, volunteers, or employees, the Soltis Center for Research and Education, Casa Verde Research Center, S.A., and their legal representatives, directors, officer, agents and employees (herein referred to as RELEASEES or INDEMNITEES) from any and all liabilities, claims, demands, injuries (including death), or damages, including court costs and attorney's fees and expenses, that may be sustained by me while participating in such activity, while traveling to and from the activity, or while on the premises owned or leased by RELEASEES, including injuries sustained as a result of the sole, joint, or concurrent negligence, negligence per se, statutory fault, or strict liability of RELEASEES. I understand this waiver does not apply to injuries caused by intentional or grossly negligent conduct.

2. INDEMNITY CLAUSE. I am fully aware that there are inherent risks to myself and others involved with this activity, which involve inherent risks related to Biological Conservation Station activities in remote tropical rain forest. These risks may include, but are not limited to, property damage and bodily injury including death, injury, or death due to dangerous physical conditions, poor weather conditions, exposure to dangerous animals, exposure to hazardous substances, exposure to infectious diseases, exposure to forces of nature, including but not limited to, natural disasters, personal property damage and bodily injury due to unusual circumstances, bodily injury due to the fault of others, natural disasters, and other unforeseen or unforseeable events. I understand that the activity may be hazardous to me and my property, and to the person and property of others, and that I acknowledge there may be physically strenuous activities. I know of no medical reason why I should not participate and agree to indemnify and hold harmless INDEMNITEES from any and all liabilities, claims, demands, injuries (including death), or damages, including court costs and attorney's fees and expenses, which may occur to myself, other participants, and third-parties as a result of my participation in said activity, including injuries sustained as a result of the sole, joint, or concurrent negligence, negligence per se, statutory fault, or strict liability of INDEMNITEES.

3. NO INSURANCE. I understand that RELEASEES do not maintain any insurance policy covering any circumstance arising from my participation in this activity or any event related to that participation. As such, I am aware that I should review my personal insurance coverage. Sponsor does not carry general liability insurance to cover claims arising from this activity so it seeks a waiver of claims as additional consideration for the right to participate in this activity. Governmental unit of the State of Texas, can (a) provide the activity at the lowest possible cost to participants; and (b) provide access to a greater number of participants by expending limited resources on program materials rather than on liability insurance.

It is my express intent that this agreement shall bind the members of my family and spouse, if I am alive, and my heirs, assigns and personal representatives, if I am deceased, and shall be governed by the laws of the State of Texas.

5. MEDICAL AUTHORIZATION, INDEMNITY FOR MEDICAL EXPENSES, and WAIVER. I understand that RELEASEES cannot be expected to control all of the risks articulated in this form and RELEASEES may need to respond to accidents and potential emergency situations. Therefore, I hereby
at the medical facility, during my Participation in this activity with the understanding that the cost of any such treatment will be my responsibility. I agree to indemnify and hold harmless INDEMNITIEES for any costs incurred to treat me, even if an INDEMNITIEE has signed hospital documentation promising to pay for the treatment due to my inability to sign the documentation. I further agree to release, waive, discharge, covenant not to sue, and agree to hold harmless for any and all purposes, RELEASEES from any and all liabilities, claims, demands, injuries (including death), or damages, including court costs and attorney's fees and expenses, that may be sustained by me while receiving medical care or in deciding to seek medical care, including injuries sustained as a result of the sole, joint, or concurrent negligence, negligence per se, statutory fault, or strict liability of RELEASEES. I understand this waiver does not apply to injuries caused by intentional or grossly negligent conduct.

6. VOLUNTARY SIGNATURE. In signing this agreement I acknowledge and represent that I have read it, understand it, and sign it voluntarily as my own free act and deed; RELEASEES or INDEMNITIEES have not made and I have not relied on any oral representations, statements, or inducements apart from the terms contained in this agreement. I execute this document for full, adequate and complete consideration fully intending to be bound by the same, now and in the future. For students engaging in extracurricular activities: I understand I can choose not to sign this document and free myself from its terms and the associated risks of the activity by simply not participating in the activity and choosing some other activity available to me that has a lower level of risk to me. I further understand this is a voluntary, extracurricular activity; therefore it is not required for me to obtain college credits and not participating in this activity will in no way hinder my ability to obtain a degree from the university. For students going on fieldtrips or other class-related activities: I understand Participation in this class/fieldtrip/activity is not mandatory and I will not be penalized for failing to participate in this activity because an alternative activity exists for which I can receive credit.
