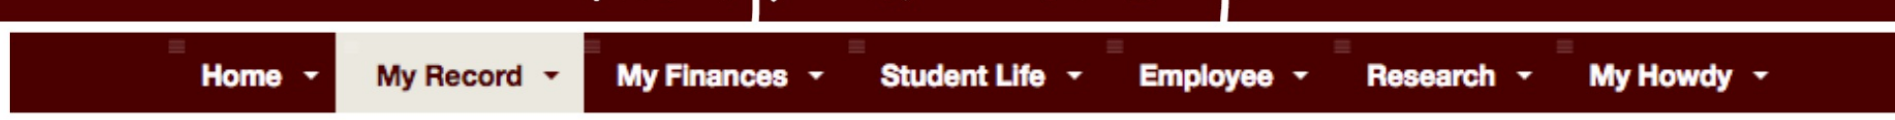
Howdy, Where to Begin



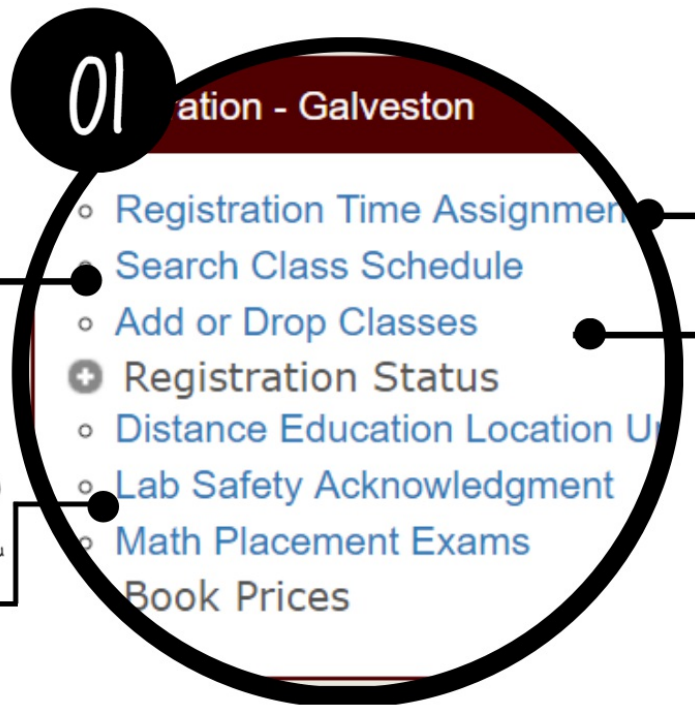
Howdy is a portal with information students need to successfully navigate through their college career at Texas A&M University at Galveston.

In order to login to Howdy, you will first need to have a NetID and password created within the system.

Along the top of the Howdy webpage, there is a bar of various tab pages offering information to students. As a student you will use the My Record Tab the most often to keep track of your degree, register for classes and overall own your education.

REGISTRATION - GALVESTON

Throughout the Registration - Galveston Channel, you will find everything to prepare and register for classes at TAMUG.



Can be used to look up the semesters, days, and times in which courses are offered. This can also be used to register for courses once the time assignment opens.

Search Class Schedule

Each student will have an individual time assignment when registration opens based on classification and honors. Here you will find what day and time you can register each semester.

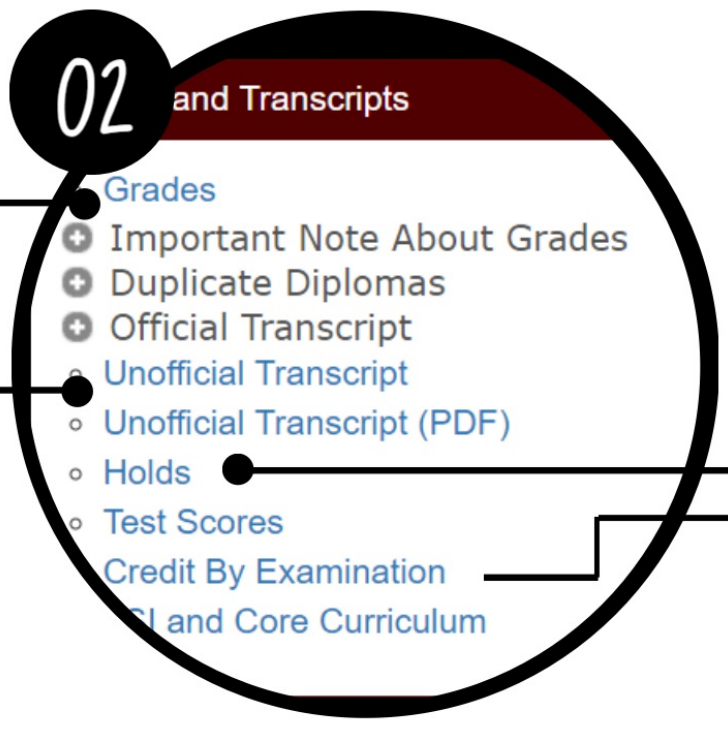
Registration Time Assignment

Can be used to register for multiple courses at once by adding CRNs to the "worksheet." This is also where edits to schedules can occur.

Add or Drop Classes

Lab Safety Acknowledgement MUST be accepted EVERY semester. Once it has been accepted, DO NOT hit the back arrow as this will un-accept the lab safety. If a course requires a lab safety acknowledgement but it has not been accepted, there will be a "student attribute restriction" and you will not be able to sign up for the course.

Lab Safety Acknowledgement



Students can view their midterm and final grades of the current semester.

Grades

Students can order their official transcripts and view their unofficial transcripts.

Transcripts

It is important to check holds EVERY SEMESTER to ensure that nothing is preventing registration for upcoming semester, ordering official transcripts, or even graduation.

Holds

Grades and Transcripts

Students can accept or reject AP, CLEP, DSST, IB and SAT II credit that applies to their degree. Once a decision is made, it is permanent. Students shouold only accept credit that applies to the desired degree to avoid excess credit.

Credit by Examination

Degree Evaluation

This channel is used to keep track of your progress towards your degree to personally own your education.

Can be used to track your progress and completion of your degree requirements.

View Degree Evaluation

Students can search outside institutions to learn whether a course will transfer into their degree for credit.

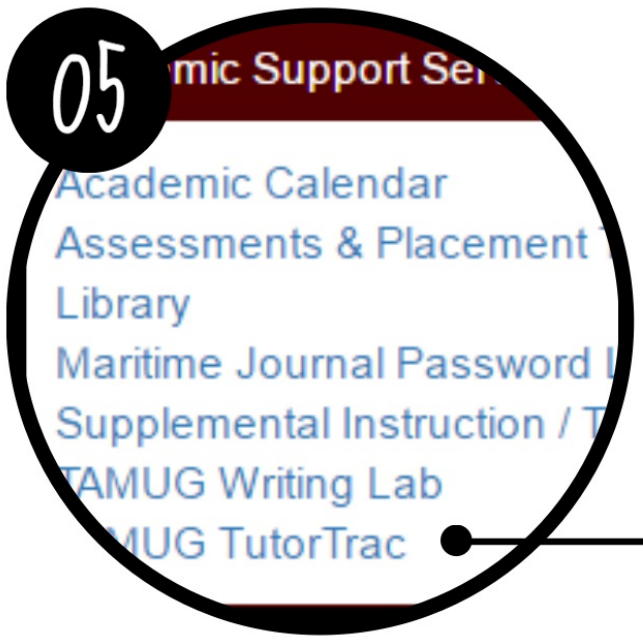
Transfer Course Equivalency

UNDERGRADUATE DEGREE PLANNER

Degree planner is a TOOL mandated by College Station that all Texas A&M University students are required to complete, submit and have an advisor approve. The degree planner is due every fall semester until graduation starting the fall of their second year. Failure to submit planner will result in a hold placed on their account.

ACADEMIC SUPPORT SERVICES

The Academic Support Services Channel provides an area of additional resources on the campus to aid students through their college career.



Used to view and schedule appointments for academic advising, coaching, writing lab, supplemental instruction and tutoring.

TAMUG TutorTrac

PURCHASE OPTIONAL SERVICES

This channel allow you to purchase additional services at TAMUG. Here you can purchase meal plans, parking permits, and sports passes. In addition, you can find information about textbooks for your classes.

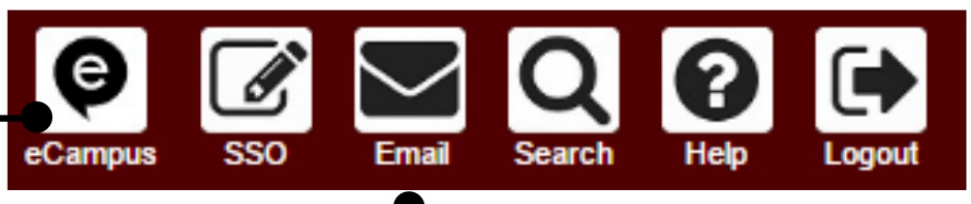
ACADEMIC RESOURCES - GALVESTON

The Academic Resources - Galveston Channel provides an area of additional resources regarding admission, academic program information, degrees, research opportunities, and the catalog.

Students can access and view their catalog.

Catalog

Other Howdy Tools



Professors will post materials and pertinent information regarding that semester's courses here.

eCampus

The official university correspondence method is with a student's university email address that is accessible through Howdy.
