Academic Supplies Packing List (SPECIFICALLY FOR CADETS ON LICENSE PREP)

To support your academic endeavors during cruise on the TSSOM, you should have the following books, texts, PDFs, and equipment. Items are available in the TAMUG Bookstore for purchase.

- **Required Materials:**
- **Laptop**
- Scientific Calculator
- Plotting Instruments - Dividers, Compass, triangles and / or parallel rules
- One pad of Universal Plotting Sheets (for your navigation project)
- 3 Ring Binder, 1" (for your navigation project)
- Lined Paper (3 ring, loose-leaf to go in your binder)
- License Prep Materials (only for those who intend to study for USCG exams):
- Bowditch 1981 Vol. II
- Nautical Almanac 1981
- HO 229
- Tides and Currents Tables 1981
- Pub. 102
- Light Lists for BIS, LIS, and Chesapeake Pub. 117
- Chemical Data Guide 1990 Edition
- Stability Data Reference Book
- Chart 12221- TR
- Chart 12354- TR
- Chart 13205- TR
- Maneuvering Boards
- VPOS Plotting Sheets
- Rude Star Finder
- LAPWARE

Knives:

- Knives must be folding "Jackknife" style - No fixed-bladed "Sheath" knives (per 46 U.S. Code § 11506).
- Blade must lock
- No "Butterfly", automatic opening or "switchblade" knives
- Maximum 4" blade length.
- Recommend a straight blade over serrated
- Knife should have only have one of the approved blade shapes (see graphic) - Sheepsfoot or Whitcliffe are preferred.
- Training on knife use and sharpening is required prior to carrying onboard.
- Recommend purchasing a good quality sharpening stone.

Flashlight:

- Meet ANSI - FLI standard
- Meet MSHA Flashlight Standard (Intrinsically Safe) - required for tankships and other flammable atmospheres or IPX68 rating for dust and water tightness (nearly the same as above) - won't be able to use on tankships cadet shipping.
- Recommend a magnetic base
- Recommend at least 150 lumens
- Recommend pocket clip

Boots:

Please be certain to pay particular attention to the required safety shoe guidance

- It must have a protective toe of steel or composite material (meets ASTM 2413-11 1/75 C/75)
- It must have oil or slip resistant soles (ASTM F2913-11).
- The upper must be at least 6 inches in height for proper ankle support.

IMPORTANT NOTES:

- **No "Baby Wipes" for onboard use. This compromises the ship's MSD system.**
- No two-sided Velcro.
- Do not bring toilet paper; the ship will provide the required toilet paper.
- No Sunflower seeds or similar seed base snacks are permitted.
- No fans, hot pots or kitchen appliances are allowed in cadet berthing spaces.
- Food is available on the mess deck a majority of the time each day. The Ship Store is also available for snacks after meal hours and on weekends. Therefore, we strongly discourage bringing any food onboard the vessel.
- All clothing, equipment and supplies should be labeled/stenciled with the cadet's name to avoid confusion as many cadets often have similar looking belongings.
- Cadets should only bring the necessary supplies for Sea Term. Avoid taking an excess of clothes for liberty. Cadets will not be permitted to bring footlockers.

- **Cadets live in close quarters during the Sea Term and should make every attempt to mark all personal gear/belongings. High value items should not be brought on board. "Master" type locks should be brought to secure all lockers assigned.**
